If you're too fat just say to the druggist the magic word "Marmola." Take some and watch yourself grow slimmer and slimmer until you are comfortably thin. Then tell other fat folks about it. It's good to remember the following prescription:  $\frac{1}{2}$  ounce Marmola,  $\frac{1}{2}$  ounce Fluid Extract Cascara Aromatic, and  $\frac{3}{4}$  ounce Peppermint Water. Take a teaspoonful after meals and before bedtime. While you're taking Marmola you can eat and drink as much as you like, do as little care as you want in the line of work or exercise, but you'll keep on getting thin until you stop taking the medicine.

"Sure, sir," said the old woman, passing it to her youngest son, who was washing. "—Youth a Companion."
